Professional Summary

A strong desire to apply my logical & problem-solving skill set developed from Chemistry, led me to undertake a 12 week intensive self-funded software development bootcamp. During the Just IT bootcamp **HTML / CSS / Bootstrap / JavaScript / C# / ASP.NET MVC / SQL Server** was learned and consolidated. Currently looking apply and consolidate my current and evolving skill set in a software development role.

Experience

Development Professional Programme

Jun 2020 to Current

Just IT — London

- Self-funded Software Development course where I studied and used technologies for software development with a small group of learners.
- Created front-end apps with **HTML, CSS, Bootstrap and JavaScript.**
- Created console applications using **C# and .Net.**
- Created Full-Stack apps using **ASP.NET MVC, Entity Framework, MS SQL Server and JavaScript.**
- Worked closely with other team members to identify and remove software bugs.

Teaching Assistant

Jan 2020 to Jun 2020

Academics Ltd — London

- Assisted in helping secondary students understand their work in a logical and systematic approach.
- Supported teachers with learning activities, ensuring the health, safety and good behaviour of students.
- Collaborated with the teacher to devise and implement developmentally appropriate lessons aligning with the school's philosophy and mission.
- Established positive relationships with students, leading by example and responding appropriately to the student's needs.
- Measured students' motor, language and emotional skills using developmental screenings.
- Took the register, marked homework and maintained routine student records.

Event Staff

Jun 2019 to Mar 2020

Evolve Hospitality — London

- Liaised with internal and external stakeholders to effectively coordinate event delivery.
- Maintained excellent standards of service through impeccable attention to detail.
- Delivered an exceptional level of service to each customer by listening to concerns and answering questions.
- Developed expertise and knowledge in bartending, customer service and waitering to ensure consistent delivery of outstanding professional services.
- Processed cash, credit card and voucher payments.

Student Ambassador

Oct 2017 to Jul 2019

University of Kent — Canterbury

- Showed sixth form students both university and real-world scenario lab environment.
- Encouraged secondary and sixth form students to investigate further education and conduct research into future aspirations.
- Spoke in classrooms about my personal university experience to allow students to observe how university life will be.
- Participated in carrying out campus tours with other student ambassadors.
- The experience led to an improvement in communication skills and presentation skills by actively engaging with the applicants and parents.
